

A tower packed with power, this play system is loaded with interactive play. The fun starts at the Hay Bale ADA transfer platform, but the adventure doesn't stop even at the top! Explorers will climb Windmill Tower to discover birds-eye views of the park from a 4' and a 9' deck with telescope. The fun continues with multiple slides including an 9' spiral tube slide. Best of all- the windmill is a true working windmill! All Cre8Play play systems are constructed for extreme durability to withstand the harshest of environments.
